### Meet Our Highlighted Annual Sponsor

**Marquette Commercial Finance** is a working capital lender that offers flexible financing to help turn a company's current business volume into funds to help it grow, acquire or cover short-term cash flow needs. Marquette's accounts receivable financing can help when businesses experience challenges when looking to secure traditional bank financing, usually due to tighter credit requirements, reduced liquidity or significant growth. When looking for more traditional commercial lending, Marquette can help a company understand its financing options and varying benefits with an in-depth review of its business and funding needs. Marquette's experienced team provides a comprehensive company assessment to determine a company's day-to-day financial needs enabling the company to choose the best solution for its current and future goals.
